

# Reflection Paper – ECO 414

Joe White

November 17, 2025

## **1 Motivation and Background**

### **1.1 Motivation**

The motivation behind this paper is to understand how ownership structure, geography, and prices are all linked together. It was very important to understand this relationship as market power, structure, and mergers are all important towards creating competitive environments. The research question of this paper is how do mergers in differentiated industries differ in their effect on prices.

## **2 Overview**

### **2.1 What does the paper accomplish?**

### **2.2 Methodology**

### **2.3 Results**
